Good morning!
Morning
What's this?
It's been ages since I've gone anywhere except to climb a mountain
I'd really like to see a baseball game or something
What's this ... A letter ?
There's something poking out of my dictionary

!!
This seems like something you'd see in a girls manga ...

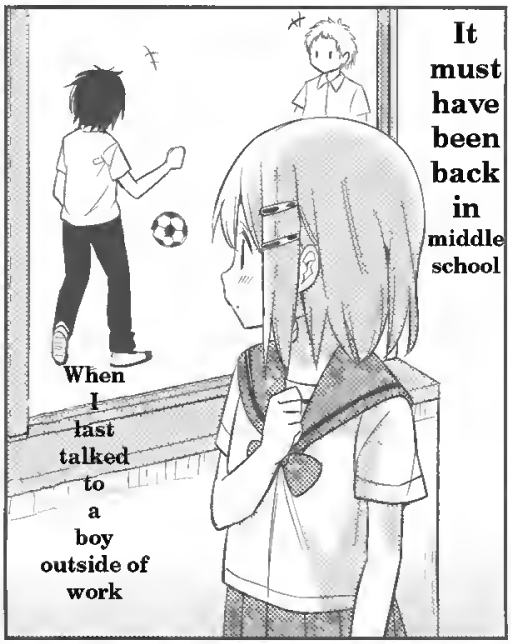
I-i-i-is this a love letter?

Wh-wh what should I do!?

To:
Yukimura Aoi
Meet me on the roof on monday after school; tell nobody
FROM:
A class mate

I never really talk to the boys ...
Well, I don't know for sure that it's a love letter

That's not true!
Not this again
Yeah I hear you're pretty popular with the boys
You're pretty cute Yukimura-san

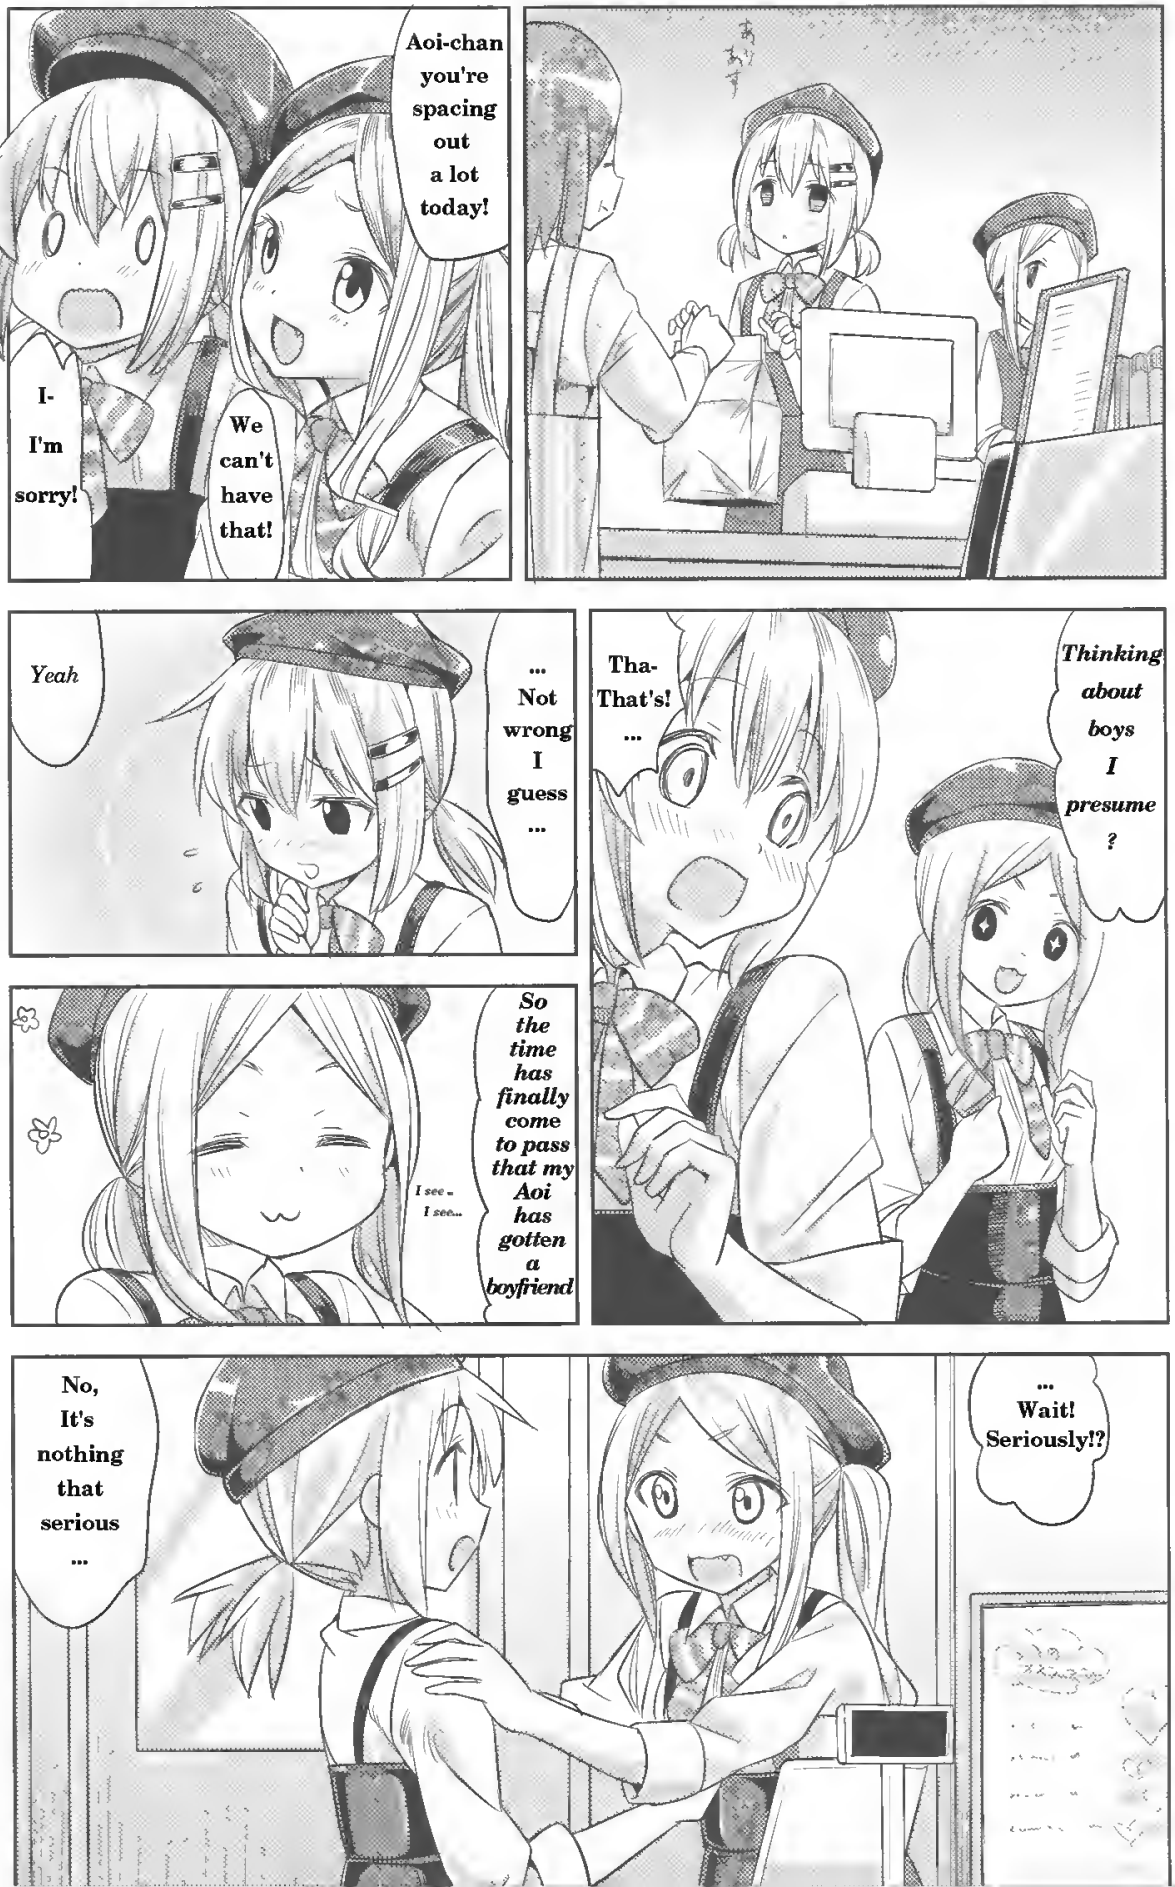


It must have been back in middle school
When I last talked to a boy outside of work

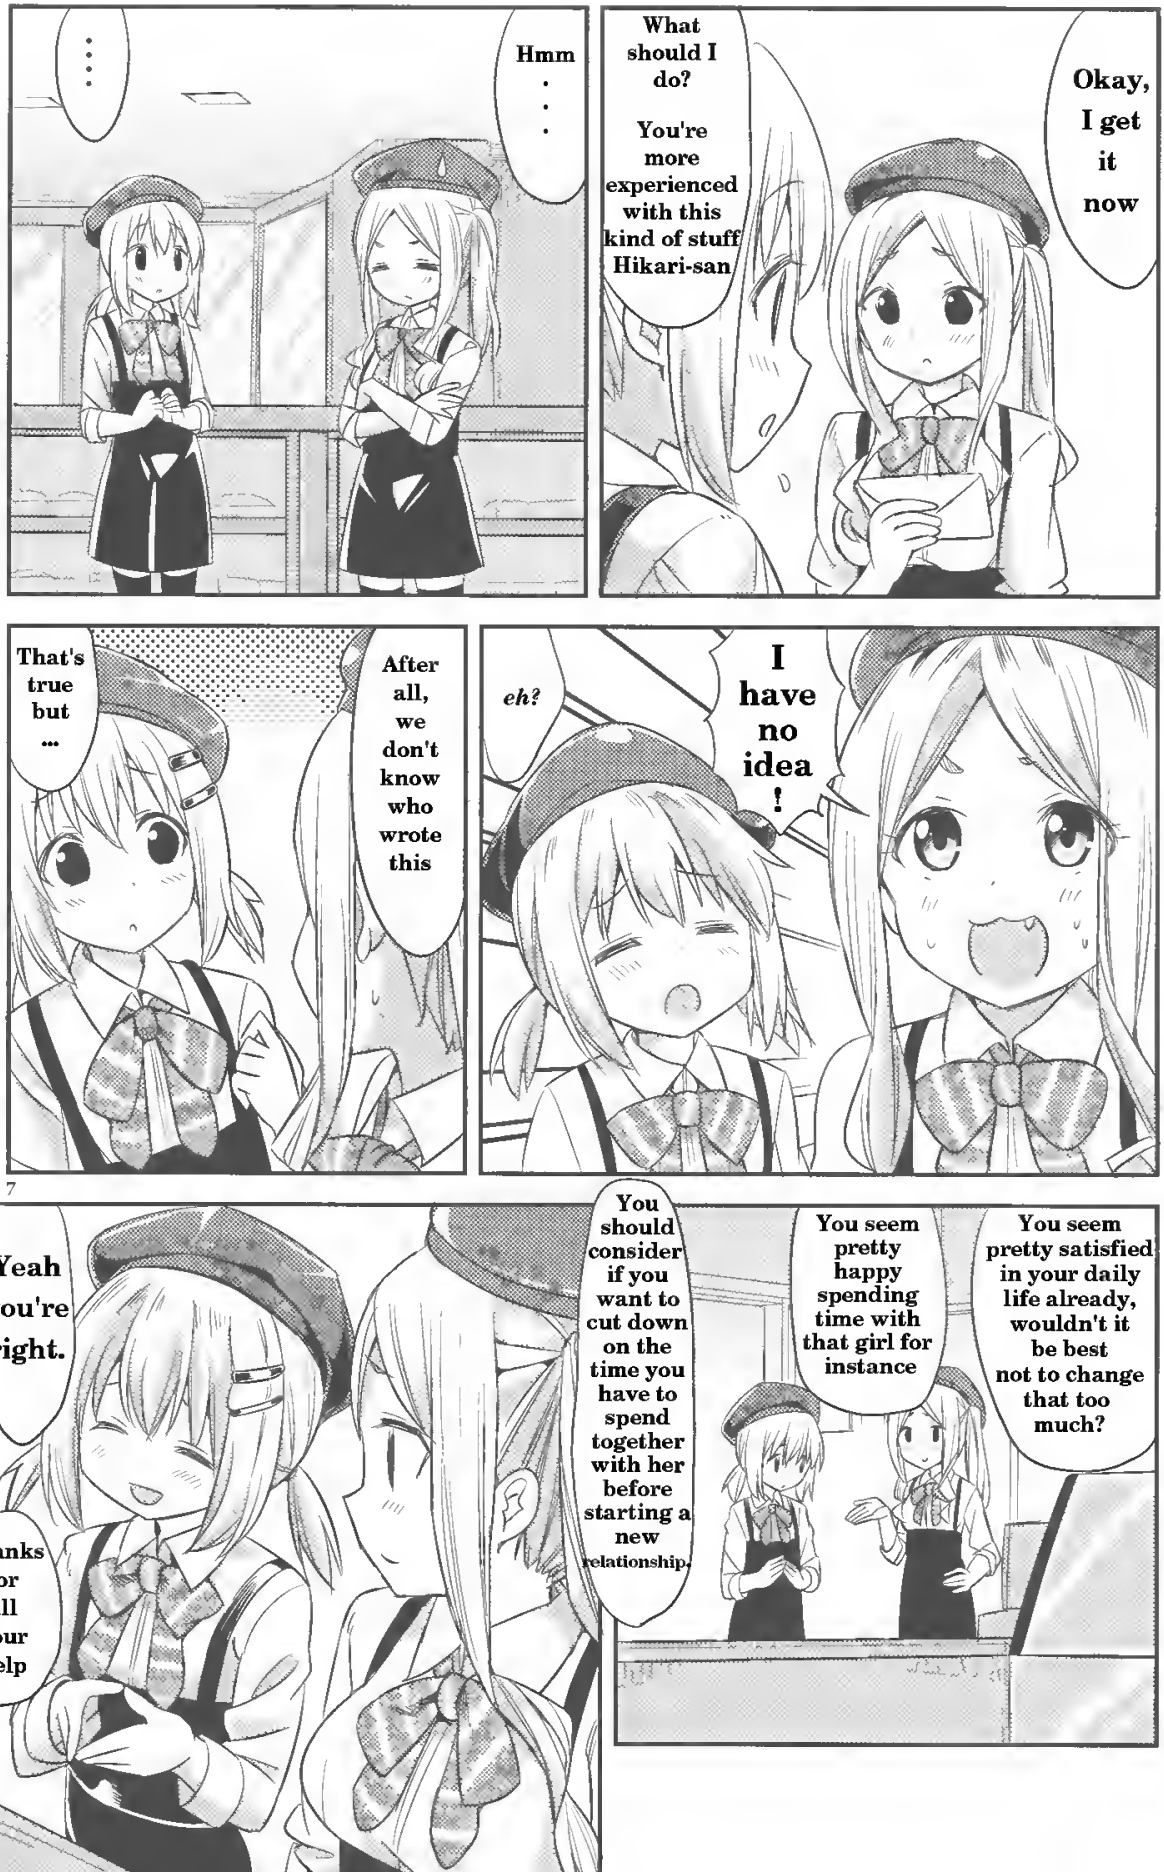
Me?
Quite guys she'll hear us!
Yeah
Yukimura is pretty good too
Shit!

Is this what they meant?

I can remember a few incidents that I payed no heed to at the time.
However now that I think about it ...



Aoi-chan you're spacing out a lot today!
We can't have that!
I- I'm sorry!
Yeah
... Not wrong I guess ...
Tha- That's! ...
Thinking about boys I presume ?
So the time has finally come to pass that my Aoi has gotten a boyfriend
I see.. I see...
No, It's nothing that serious ...
... Wait! Seriously!?

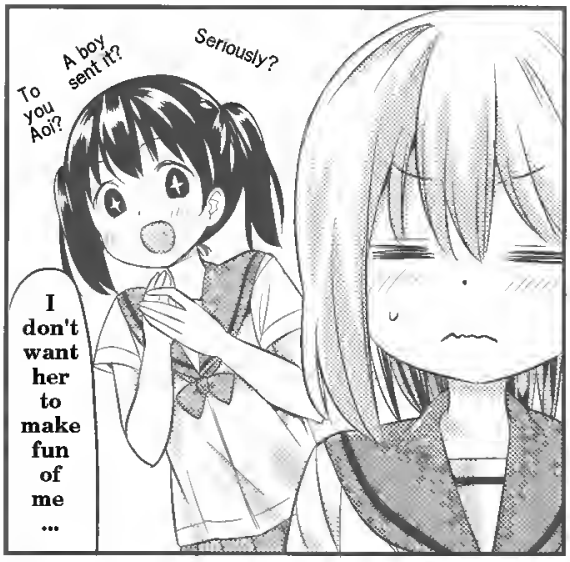


Hmm
. . .
. . . .
Okay, I get it now
What should I do?
You're more experienced with this kind of stuff Hikari-san
That's true but ...
After all, we don't know who wrote this
eh?
I have no idea !
You seem pretty satisfied in your daily life already, wouldn't it be best not to change that too much?
You seem pretty happy spending time with that girl for instance
You should consider if you want to cut down on the time you have to spend together with her before starting a new relationship.
Yeah you're right.
Thanks for all your help

I wonder what kind of person he is
I don't really have a good idea what most guys are like ...
I guess he'd be *rude*, *loud*, and *irresponsible* ...
Huh?
That's just a description of Hinata though ...
I'm being rude to him ...
I need to think of more positive points
... He's strong, kind, and good at taking care of people

No! Why does Hinata keep popping into my mind?

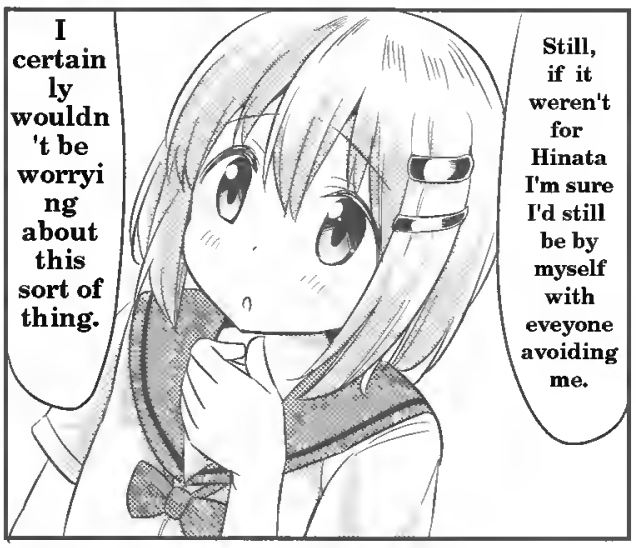
Reliable and always pushing me onward



To you Aoi?
A boy sent it?
Seriously?
I don't want her to make fun of me ...

Maybe I should ask Hinata about this too
It might mean I can't go climbing as much

This is all *Hinata's* fault!
!!
Then that means



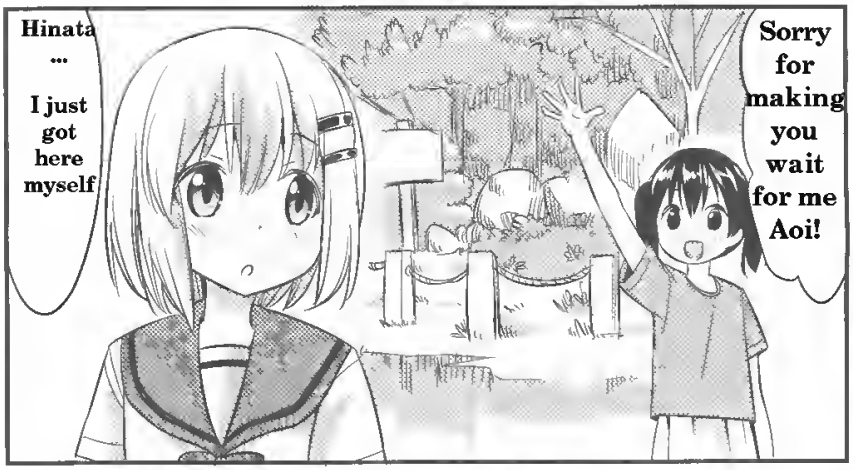
I certain ly wouldn 't be worryi ng about this sort of thing.
Still, if it weren't for Hinata I'm sure I'd still be by myself with eveyone avoiding me.

I need to speak with you, can we meet up now?
Where?
Then how about Mt. Tenran ?

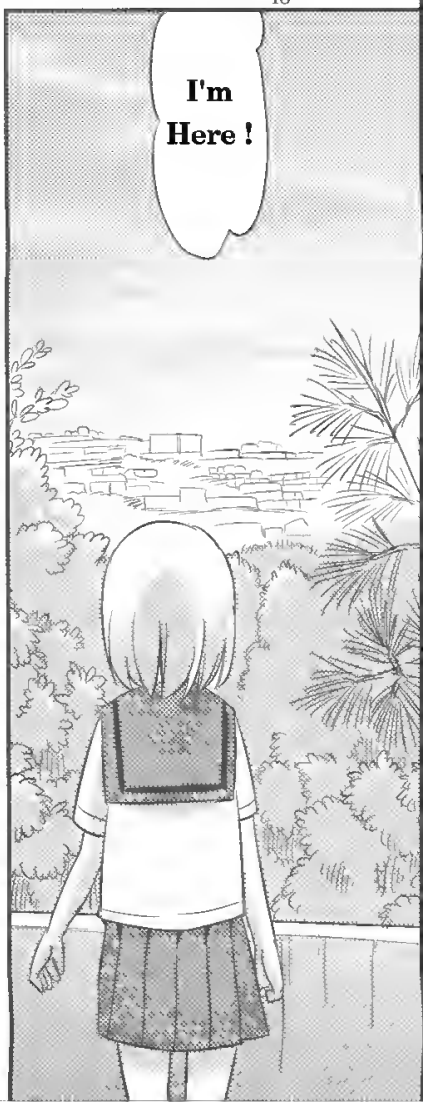
I need to make her take responsibility
Hello, Hinata?

Even though she remembered me the whole time
Did I hit my head or something

Hello
Come to think about it, how did I forget about Hinata?

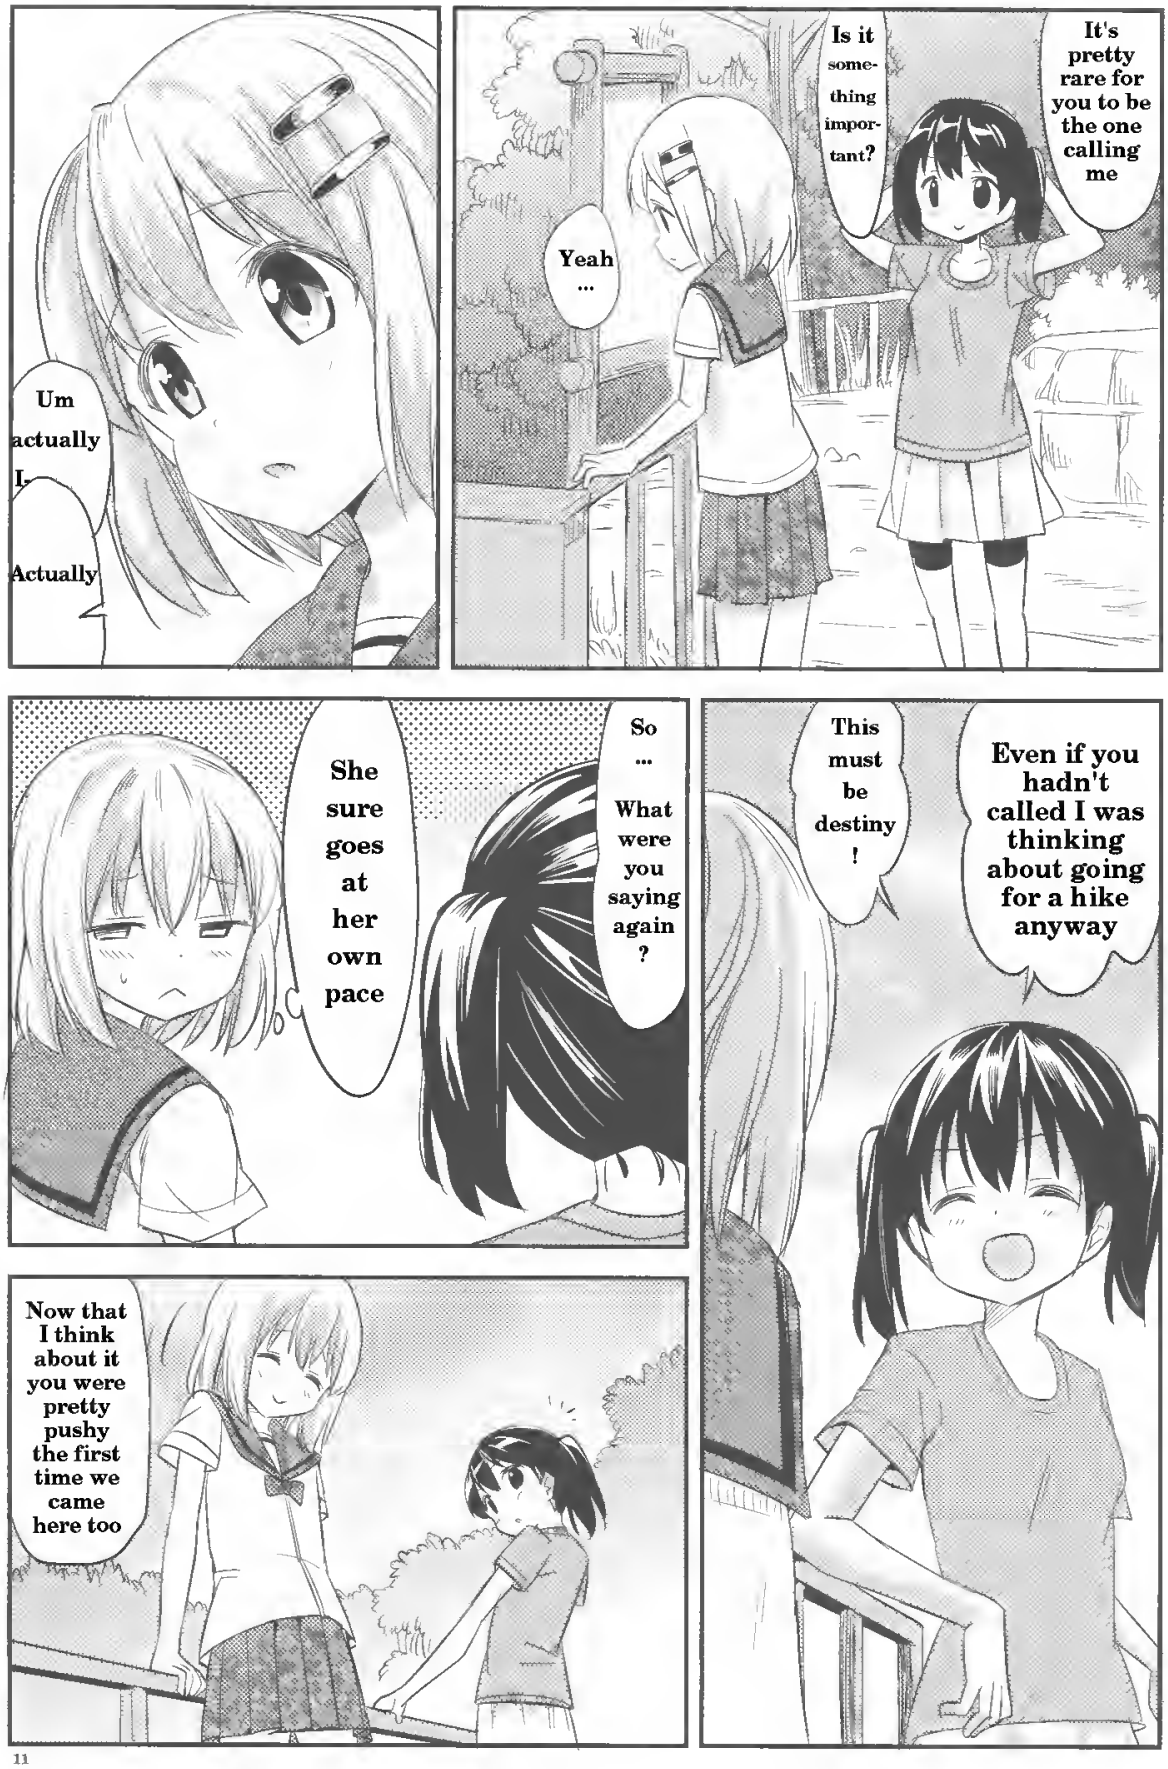


Hinata ... I just got here myself
Sorry for making you wait for me Aoi!



I'm Here !

I'm really sorry Hinata
In that case we should have climbed it together!



Um actually I-
Actually
Yeah ...
Is it something important?
It's pretty rare for you to be the one calling me
Even if you hadn't called I was thinking about going for a hike anyway
This must be destiny !
So ... What were you saying again ?
She sure goes at her own pace
Now that I think about it you were pretty pushy the first time we came here too

That stuff is all okay
What's the matter all of a sudden ?
?
I always seem to be causing you trouble
I'm sorry for forgetting about you Hinata
At first I thought you were just being annoying.
And I wanted to thank you for talking to me back then.
Thank you Hinata
and now I'm having fun doing all kinds of things ...
But thanks to you calling me out I was able to make friends with everyone

But ... I wonder if she even remembers me.
I need to say hi next time
Just as I thought it's Aoi
That girl, could she be...
Even if she doesn't remember me I'm just going to have to make friends with her again!
No! I made a promise!
She's been alone since the entrance ceremony
Maybe calling out to her would just be annoying
Does she like being alone?
Even though I was so embarrassed
What do you mean "Somethig like that" ?
You called me out here for something like that? You're so cute!
Aoi ...

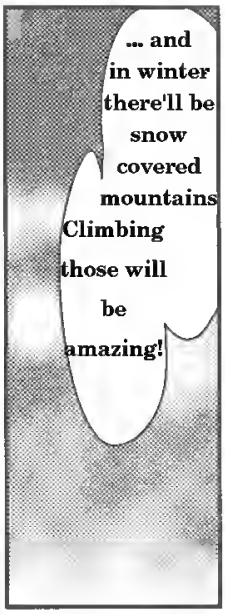
She was really thinking about me the whole time
Oh shut up!
I just said hello because I felt sorry for you being alone all the time.
Even though she always hides her embarr-assment like this

It will be fall soon so we'll have our pick of scenery
Oh!
Nothing, I was just thinking how I wa nt to go climbing with you again, Hinata

Hmm? What, Me?

That's why Hinata really is the best

Let's head down now
Okay



... and in winter there'll be snow covered mountains Climbing those will be amazing!

I want to be with Hinata more, I want to go all over the place with her.

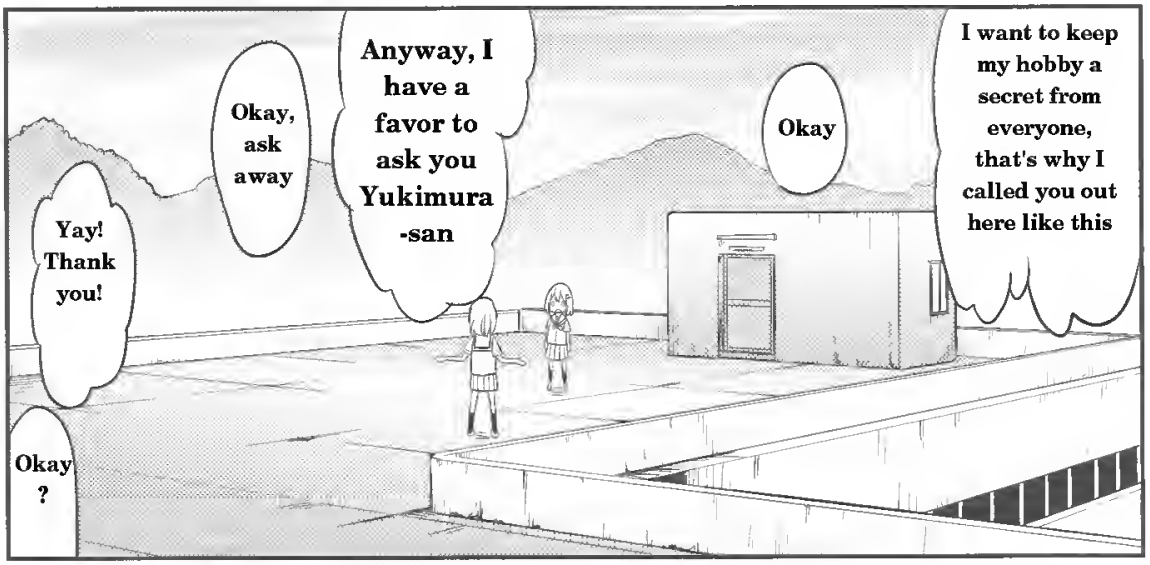
The autumn scenery is nice around here, we should both come back in our uniforms some time!

Still, Aoi going mountain climbing in her uniform huh?

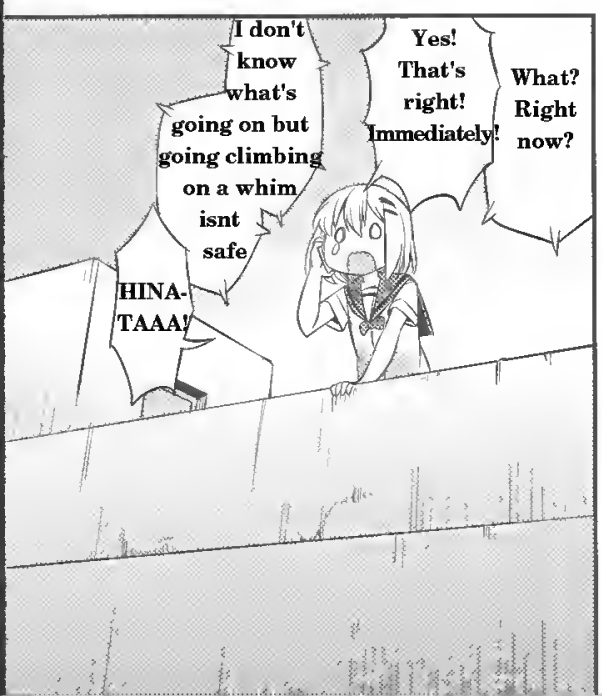
You sure are becoming more of an adult
And whose fault is that?

Yeah

Yukimura-san you do outdoor activities too, right?
!?
Right Though more than outdoor activities it's mountain climbing
I'm also into outdoor activities Well, more watching videos and reading about them, really



I want to keep my hobby a secret from everyone, that's why I called you out here like this
Okay
Anyway, I have a favor to ask you Yukimura -san
Okay, ask away
Yay! Thank you!
Okay ?



I don't know what's going on but going climbing on a whim isnt safe
Yes! That's right! Immediately!
What? Right now?
HINA-TAAA!

Let's go mountain climbing, right this minute!
Aoi? What is going on?

Hmm? My phone?

本を手にとっていただきありがとうございます。
マウンテンプクイチと申します。
今回はヤマノススメ本を描かせていただきました。
キャラがかわいすぎるのと、
自分も昔登山そこそこやってたので興味を持ちました。
登山してなくても多分見てたけど。
少し凝ったテーマのある日常系いいですよね。

個人的に今回書いた内容は全体的にはまずまず気に入ってますが
ひなたがあおいのこと想ってる感をもっと出したかったです。
次回もこのテーマで書くとしたらしっかり書きたいと思います。
それと中学校の頃離れてた理由をいろいろ考えるのですが
なんとなく触れてはならない領域のような気もします。
あとアニメのひかりさん性的でかわいかったです。

今年もコミケやティア系中心に本を出していきたいです。
お付き合いいただければ幸いです。
個人的な趣味としては今年も野球を楽しめればなあと思います。

同人誌以外にもブログやpixivに絵とか投稿してるので
よろしければ見て下さいね。それではまた。
